TO WHOM IT MAY CONCERN

I am writing this to express my sincere praise and gratitude for Nathan Saminathan of Mortgage Masters Ltd.

Two years ago, when wanting to upgrade to a better property and having already been turned down by more than one lender due to the amount required, Nathan with his expertise and foresight was able to secure a suitable mortgage for us, happily we have only moved forward ever since.

Nathan and his team have a very definite sense of customer service, and provide what is required in a no nonsense efficient manner. I know that if I ever want any advice or further assistance it is only a phone call away.

I do and will continue to recommend Nathan Saminathan as an excellent Mortgage and Insurance broker to any that ask.
